

CURRENT STATE

Lead enters business
Phone, website, referral, Thumbtack, Angi, etc.

Lead source not consistently captured at intake

Estimate created
276 of 292 estimates had no lead source assigned

Job sold

Lead-source tag often added at the job stage

Result: no reliable lead or estimate denominator by channel
Cross-channel conversion cannot be measured fairly

FUTURE STATE

Lead enters business

Capture at intake
Lead ID • Acquisition Source • Contact Method • Created Date

Estimate created
Lead ID • Estimate ID • Estimate Status

Won or Lost?

Won Job
Job ID • Revenue

Lost Estimate
Status retained

Future analysis becomes valid:
Lead conversion • Estimate win rate • Revenue per lead • Revenue by channel
